

# Project Proposal

For guidance-  
Please complete up to #4 and return to Mrs. Moran.

Name: \_\_\_\_\_

Grade: \_\_\_\_\_ Teacher: \_\_\_\_\_

1. **Question** (Restate the problem in the form of a question):

2. **Hypothesis** (What do you think will happen? Why?):

If \_\_\_\_\_

then \_\_\_\_\_

because \_\_\_\_\_

3. **Materials** (What will you need for your experiment?):

4. **Procedure** (Describe your experiment):

1.

2.

3.

4.

5. **Results** (What were your observations? Create a table or a graph of your data, look for patterns):

6. **Conclusion** (Have you answered the question? Did you have any difficulties that make it hard to reach a definite conclusion? Do your results suggest any other experiments that might be done in the future?)
